

# Searching for PD360 Video Resources Quick Reference Card

## CIITS: Searching for PD360 Video Resources Within the Educator Development Module

The CIITS PD Resource library contains more than 1,900 research-based videos on more than 125 topics from the PD360 video library. The videos feature nationally recognized experts, presenters and researchers as well as thousands of real teachers in actual classrooms using the best practices proven to increase achievement.

PD360 Video Resources are currently available to PGES Field Test participants only.

### To search for a PD360 video resource:

1. Roll your cursor over Educator Development on the navigation bar and click **PD Search**

2. Search for PD. You can search for PD Video Resources 3 different ways:

#### I. General Search:

- Leave search field blank and click search. This search result will display ALL video resources that have been loaded

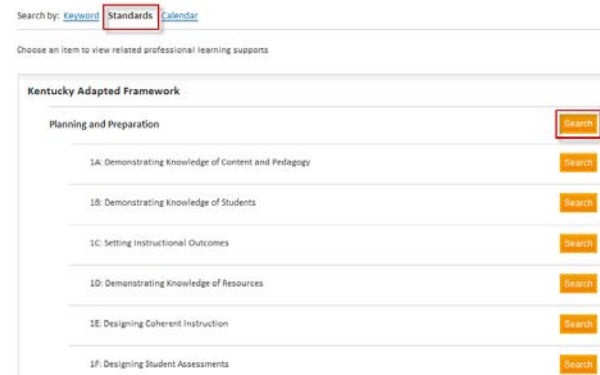

#### II. Search by Keyword

- Examples include: PD 360, Math, Assessment for Learning, English Language Arts, ESOL, Science, Technology, Special Education, Learner-Focused Instruction, Music, Relationships, etc.

#### III. Search by Standards. You can search at the Domain and Component level.
